

WHEN CAN MY CHILD RETURN TO SCHOOL?

Medical evaluation and COVID-19 diagnostic testing is strongly recommended for all persons with COVID-like symptoms.

MY CHILD TESTED POSITIVE FOR COVID-19 OR HAS A PROBABLE CASE OF COVID-19. I'M CONCERNED.

What Should I Do?

Contact the school.

Stay home for 10 consecutive days from the onset of symptoms.

Be fever-free for 24 hours without fever-reducing medication.

Observe improvement of respiratory symptoms.

MY CHILD HAS A SYMPTOM OR SYMPTOMS OF COVID-19.

What Should I Do?

CONTACT THE SCHOOL. YOU THEN HAVE 3 OPTIONS.

1 TAKE A TEST. 2 CALL YOUR DOCTOR. 3 QUARANTINE.

If the test is negative, stay home until symptoms have improved or resolved as per school guidance for the specific condition.

Obtain an alternative diagnosis from your doctor.

Stay home until symptoms have improved or resolved as per school guidance for the specific condition.

Stay home for 10 consecutive days from the onset of symptoms.

Be fever-free for 24 hours without fever-reducing medication.

Observe improvement of respiratory symptoms.

MY CHILD DOES NOT HAVE SYMPTOMS BUT WAS IN CLOSE CONTACT WITH SOMEONE WHO IS A POSITIVE/PROBABLE CASE.

What Should I Do?

Contact the school.

Stay home for 14 days following the last COVID-19 exposure.

If illness develops, begin quarantine from the onset of symptoms.

Testing is recommended.

PROVIDE DOCUMENTATION FOR REENTRY INTO THE CLASSROOM. CONTACT THE OFFICE PRIOR TO RETURNING.

Download and complete the "Return from Isolation" form. See website for details.

Provide a doctor's note and negative COVID-test result.

Provide a doctor's note confirming alternative diagnosis.

Download and complete the "Return from Quarantine" form. See website for details.

Download and complete the "Return from Quarantine" form. See website for details.

Close contact is anyone, with or without a face covering, who was within 6 feet of a confirmed case of COVID-19 (with or without a face covering), for at least 15 minutes throughout the course of a day.
